Secretary Edmonton School Board,  
Mortgage Block, Edmonton, Alta.

**LESS TIME IN THE KITCHEN!  
MORE TIME IN THE FRONT ROOM**

That's your reward if you let **MOONEY'S BISCUITS** take  
the place of the bread and biscuits you bake yourself.

You'll find **MOONEY'S** a delightful substitute for your own  
two efforts—the family will like them. Because

**MOONEY'S PERFECTION  
SODA BISCUITS**

come to you straight from the oven in the big Winnipeg factory.

They have that freshness and crispness only to be found in a  
newly made biscuit. No other biscuit can come to your table as  
fresh from the oven as **MOONEY'S**.

Get the big package or the sealed tin—  
both of them damp proof, dust proof,  
dirt proof—same.

**"LET MOONEY DO IT"**

## Sir Wilfrid Gets Great Reception in Ontario

**Premier Returns to Toronto in Fine Spirits After Triumphant Tour Through  
the East—Five Thousand People Hear Him Speak at Cobourg—  
Hon. Messrs. Graham and Murphy With Him Now**

Toronto, Sept. 5.—Sir Wilfrid Laurier, accompanied by Hon. G. P. Graham, reached Toronto tonight in splendid spirits from his triumphant tour of the maritime provinces. He returned to find an enthusiastic welcome awaiting him in Ontario.

The Premier declared he has absolutely no doubts of victory. Meetings yesterday at Alexandria and today at Cobourg were noteworthy gatherings, farmers driving in for miles and acclaiming the honored leader. To those who lauded that Laurier is losing his hold in Quebec, the scenes along the route of the International from Rimouski to Montreal, whence he was thrashed, returning from the east, would have been a revelation. At every hamlet, crowds of inhabitants gathered spontaneously to do him honor with cries of "Vive Laurier!"

Hon. Messrs. Graham and Murphy joined the Premier for his Ontario tour. In an interview the Minister of Railways declares that all over the province reciprocity is making big gains. In accepting the nomination for St. Lawrence, the Premier will personally combat the "Nationalist" selfish alliance on its own merits and merits. The constituency was represented in the last parliament by a follower of Monk and Bourassa. Beyond doubt, the Premier will restore the seat and his entering the contest quite confidence in the Quebec Liberals.

**Crowd at Cobourg.**

Cobourg, Sept. 5.—About 5,000 people assembled in Horse Show Park today to hear addresses by Sir Wilfrid Laurier and Hon. Geo. P. Graham. Sir Wilfrid Laurier spoke for an hour. He stated when referring to the charges of disloyalty made against him, that he had been living under such charges for the past fifteen years and never felt better in his life. He stated that the Conservative leaders in

the past had favored closer trade union with the United States, and claimed this has been the aim and object of all parties in parliament for thirty years. One of the mistakes made by the United States in the past was in treating Canada as an unexploitable quarry. Now the United States wanted our trade. He claimed that in the proposed reciprocity agreement Canada had the best of it. In Canada the trusts, monopolies and special interests were against the peace. The farmers favored it. It was precisely for the farmer but in their property others would be harmed. In spite of the objection that Canada would be open to American competition he believed that Canadians would profit most by the adoption of the agreement.

Hon. Geo. P. Graham argued that as Canada had a system of water transportation with which no other country could compete and the shortest routes from the west that should get a continually increasing traffic. He believed that Canada would soon not only be doing her own carrying trade but a part of that of the United States.

**TO MEET IN CALGARY.**

Calgary, Sept. 5.—The 27th annual convention of the Dominion Trades and Labor Congress will open in this city next Monday morning at 11 o'clock. The sessions of the convention will be in Paget hall, and will be first addressed by President Boyd, the president of the Calgary Trades and Labor Council, Mayor Mitchell, and Hon. A. J. Ridd, premier of the province. These gentlemen will welcome the delegates on behalf of the seven offices which they represent.

**Read Bulletin Want Ads.**

## He Warmly Commended Reciprocity

**Secretary of Agriculture Wilson of  
Nebraska Durell on Beneficial  
that will Accrue to Both  
Countries from its  
Passage.**

Lincoln, Neb., Sept. 5.—Secretary of Agriculture James Wilson delivered an address at the Nebraska state fair here this evening in which he warmly commended the reciprocity pact with Canada and dwelt at length on the beneficial results which he believed would accrue from the adoption of a treaty.

Secretary Wilson declared it would be to the advantage for both for such a treaty to be in effect. In connection with the possible ratification of the proposed treaty, he dwelt extensively upon farming conditions, weather and climatic factors prevailing in Canada as compared with the United States, declaring that the farmer in Canada labored under weather conditions as severe as to those that obtain here. The most important consideration for which other advantages he might have found in the treaty, for the United States he declared he would be able to find in the treaty, free access for trade in agricultural products aside from the great cereal staples.

## BELIEVE THAT DEATH WAS AT THE THROTTLE

**Pitman of Hi-Fast Train and Official of Road are of Opinion that  
Engineer was Dead Before Accident  
Happened.**

Pittsburg, Sept. 5.—That death was at the throats of Erie and Pittsburg passenger train No. 201, when it crashed into a freight at Luck Junction last night is the firm belief of officials and the coroner after an investigation and a talk with Pitman J. Pitman, who lately failed in the hospital. According to the latter's story, Engineer John S. Jones, who had been an engineer for 41 years, must have been dead long before the crash, as for five miles he ran past all signals that were set against him and contrary to rail rules ran past Luck Junction with a full head of steam.

The train crashed into the freight with the throttle wide open, and it is the fireman's belief, in which the coroner concurred, that the engineer died in his cab sometime before the crash came. No more bodies have been found in the wreck, and it is now believed that the death list will not exceed the three reported earlier. Coroner D. S. Hapley, who returned to the city tonight from the wreck said an inquest will be held soon.

## SAYS LAURIER SEDUCED BY THE IMPERIALISTS

**This is Charge That House Navy  
Makes in Opposing Canadian Navy  
—Pleads for return of Fifteen or  
Twenty Independent.**

Ottawa, Sept. 5.—Henry Bourassa came near to Ontario this evening, when he spoke in the rink at St. Paul to an audience of some 1,500 people composed chiefly of members of the militia. There was not much that was new in Bourassa's speech. He laid stress upon the alleged fact that while the government had millions to expend on second-hand warships it had not a cent for the families of victims of the Quebec bridge disaster. Dealing with reciprocity, he said that the home market was the better market and that the shipbuilding of Canada was building up of Canada. Mr. Bourassa again placed before the audience an account of the reciprocity pact which Canada was to share in all wars of Britain and pleaded for the return of fifteen or twenty independent from the province of Quebec.

# CLYDESDALE

The only Townsite of any Importance Between Edmonton and Athabasca Landing. Just Midway Between the Two

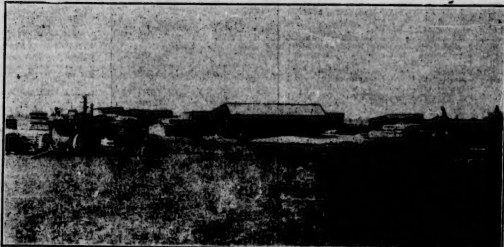

Photographs taken by R. C. Talbot of Strathcona, August 24, 25, 1911.

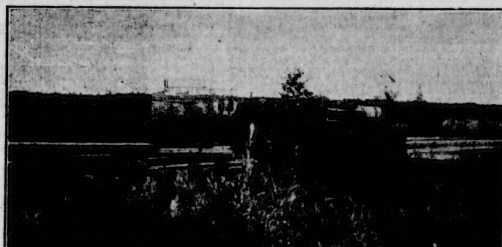

Construction train of C.N.R. standing at Clydesdale. This view gives an excellent idea of the nature of the ground. Clydesdale stands like an elevated plateau from which are splendid views in nearly all directions. It could not be better adapted if it had been "made to order."

View looking South, showing train on siding at the depot and what the townsite of Clydesdale looks like in the first stage. Note the beautiful level nature of the ground and that it is almost entirely clear of trees. The bush shown in the distance comes beyond the townsite limits.

Lumber waiting to be converted into buildings at Mr. Kackosky's yard. In spite of suffering from two serious fires, this intrepid man has persevered and conquered. He now has vast quantities of lumber and a half section of land all in good shape and proposes to establish a Sash and Door factory at Clydesdale.

Clydesdale Hotel in its first stage. The lumber commenced to arrive on August 23rd, and the building is now well advanced. It will be well equipped in every way with all conveniences and a good well of water close at hand. The hotel will be opened about September 16th.

These photographs show exactly what kind of a proposition Clydesdale is as a Townsite. The fact that the surrounding country is all "Homestead Land" and that it has not been bought for speculation by large corporations, insures a big population, since nearly every quarter section comprises one family holding. Few farms occupy more than 320 acres. The district is 9 years old, therefore the settlement is ahead of the railroad, and the opening of a regular train service is all that is needed to make Clydesdale the busy business and distributing centre for a country stretching 50 miles West, 50 miles East and 15 miles each North and South.

## RECIPROCITY WILL BUILD UP DOMINION OF CANADA

(Extracts from the Congressional Record.)

**Will Encourage Canadian Development**  
(Congressman Mackay, Wyoming, April 26th.)

There is an objection to this agreement which suggests a strong opposition to the people of the intermediate states who are desirous of seeing their country settled and developed. For a number of years past there has been a strong tide of immigration from the United States into the Canadian northwest, mostly of substantial farmers, and with ours and therefore the people of very class we need the most for the settlement of our territory by the thousands. These people have been passing through our territory by the thousands, lured to Canada by extensive advertising, and they have been settling in the Canadian northwest with all the advantages of having free access to our markets for his produce and his live stock, and they have been encouraged and incited by the settlement of Canada, by American farmers, thus retarding and delaying the settlement and development of our own intermediate states.

**A Tidal Wave of Immigration Into Canada.**  
(Congressman Dean, Colorado, in the House of Representatives, May 13.)

"During the last year, according to the 500,000 American farmers moved into our border, carrying with them \$100,000,000 of money and this movement was by no means spreading and gathering momentum. On one train alone crossing the Canadian settlement, the Western States, carried in that train \$225,000 in cash. And this agreement and a tidal wave of immigration will sweep this country in a mad race for Canadian homes, depleting our farms, losing our best citizenship, combined with a continuing injury beyond human estimation—the loss and injury sustained by the thousands of our best farmers in not comparable with wars and pestilence."

**An Act to Encourage Emigration to Canada.**  
(Congressman Charles E. Pickett, in the U. S. Senate, May 13.)

"If the percentage in the increase of Canadian production of farm products continues for the next fifteen years as it has for the past eight years, and the same increase obtain in this country as in the past eight years, the production of the United States in practically all farm products except cotton will be more than sufficient to supply the home market. It is evident that they had gained everything they could from the United States, without doing any injustice to our manufacturers." "An act to encourage emigration to Canada, which would be a very wise and profitable thing to do, by any other country, but it is a reciprocity agreement. It cannot be sustained on that theory. No one has at

## DISTRICT NEWS

**VEGEVILLE.**  
Bulletin News Service.

Mr. W. Palmer Clark, of Vancouver, who spent a few days in town last night, spoke very highly of the J. J. Sir Oliver, O.R., B.I.A. The motor car was a very nice one, and the M.P. having been in that service for thirty years, but not retired. Both families are well known in Toronto. Rev. J. P. Woodworth, pastor of the Methodist Church at home, officiated over the ceremony. The motor and his bride left for a short honeymoon trip to the coast, after which they will reside in Munson.

There have been recently, birth, eleven marriages and only one death, which was the death of Mrs. H. L. Cunningham.

Mr. and Mrs. L. J. returned home today from a ten day outing at Fred Plock's, north of Saddle Lake. A number of American land buyers were in town recently and purchased through A. W. Kelly 4,000 acres of land.

Farmers in this vicinity are busy cutting what is probably the best crop which has ever been harvested in the Veggieville district, and no damage is reported from last Saturday's heavy rain, except to tender garden truck and then only in some cases.

A report was current here about two weeks ago to the effect that J. H. McNeil, a former resident of this place, had committed suicide at Glenora, Alberta, by allowing a train to run over him. The report, however, has proven to be incorrect, as Mr. McNeil, who writes a letter to a friend here from Hurling, Alberta, is also well.

M. Bertrand has disposed of his stock of hardware and harness to the St. Paul Mercantile Co., St. Paul, Minn.

The "Boston Gate" is the name of the new restaurant which J. T. Dupont will open on Fraser street, in James Spethmann's building, on Main street.

Ed. Morton, of Carleton Place, spent a few days visiting his sons, C. R. and E. Morton, here. Mr. Morton is greatly pleased with the prospects of Veggieville.

Veggieville is to have a moving picture theatre, the Rialto, on Main street, on a moving picture theatre in the premier spot to be vacated by M. Bertrand, on Main street south.

The new Catholic General Hospital is now completed, and it is expected it will be opened on October 1st. The building is a fine one, and the floor plan is very good. The building is a fine one, and the floor plan is very good.

The annual grain competition, held under the auspices of the Veggieville Agricultural Society, the following were the prize winners: Wheat, Julius Tolson, 32 points; 1st prize; 2nd prize, 31 points; 3rd prize, 30 points; 4th prize, 29 points; 5th prize, 28 points; 6th prize, 27 points; 7th prize, 26 points; 8th prize, 25 points; 9th prize, 24 points; 10th prize, 23 points; 11th prize, 22 points; 12th prize, 21 points; 13th prize, 20 points; 14th prize, 19 points; 15th prize, 18 points; 16th prize, 17 points; 17th prize, 16 points; 18th prize, 15 points; 19th prize, 14 points; 20th prize, 13 points; 21st prize, 12 points; 22nd prize, 11 points; 23rd prize, 10 points; 24th prize, 9 points; 25th prize, 8 points; 26th prize, 7 points; 27th prize, 6 points; 28th prize, 5 points; 29th prize, 4 points; 30th prize, 3 points; 31st prize, 2 points; 32nd prize, 1 point.

**PALLES AND REKHOED.**  
Bulletin News Service.

There will be a considerable shortage in hay this season in this district, owing to the continued rains. A few farmers have been fortunate in having a field of timothy, which will be a great help in the winter.

The inspector of roads, Mr. Macdonald, has recently inspected the work on Pallas hill. It is expected work will be resumed at once and the road completed in a short time.

The Pallas and Rekhoed Agricultural Society held the annual fair on Saturday. The weather was all that could be desired to insure a good attendance, amongst those present being the ex-president, A. C. Hubert, and the president, E. W. M. P. There was a large number of exhibits in many classes and the awards by the government judges gave general satisfaction.

The competition for the head prize of a twelve dollar dinner was very keen. Mr. Pugin being the winner in this case. Mrs. J. H. McNeely won the first prize in the other class for the best two loaves made from White Rose flour.

The races and sports were carried out in a manner satisfactory to all.

The women's auxiliary offered for the visitors and had a long time in addition to the dining tent they had a large display of fruit, ice cream, candies, cigars and cigarettes. A handsome prize was made, which goes to the owner of the debt on the church.

In the evening the large tent was filled with dancing, which was enjoyed by many of the young people of the neighborhood up to twelve o'clock.

The Reckless exhibitors at Wabana fair on Tuesday carried off many of the prizes, and can be congratulated on their success.

**STETTLER.**  
The crops are in splendid condition in this district. There was slight frost Saturday night, the 25th, but it did not hurt. Grain is ripening rapidly. Some cutting has already been done and harvesting will be general within ten days.

Prospects never were brighter for a bumper crop in this district. There are oats that will yield from 30 to 40 bushels per acre and wheat 40. The acreage under crop is large. A Conservative estimate for wheat 12,000 bushels, oats 75, barley 40 and

barley 40. The crops are in splendid condition in this district. There was slight frost Saturday night, the 25th, but it did not hurt. Grain is ripening rapidly. Some cutting has already been done and harvesting will be general within ten days.
